

BRIDGE HOUSE OF TWYFORD NURSING HOME

SERVING the community for 35 years, with its magnificent gardens gracefully descending to the water's edge of the River Loddon, the elegant Georgian Grade II listed Bridge House has extended its facilities. Now forming part of Bridge House of Twyford, a prestigious new retirement village on the edge of Twyford, Berkshire, this state-of-the-art purpose-built nursing home boasts every conceivable amenity.

Bespoke care

At Bridge House we help our residents maintain their independence and dignity, whilst ensuring their needs and expectations are fully met. We believe that being independent means having the freedom of choice and flexibility over how the day is spent. This extends to the time of rising and retiring, when and where meals are taken, and whether the individual wishes to participate in spontaneous or pre-planned events, within the home or wider community.

Working closely with families and professionals is fundamental in delivering and maintaining the required level of health and wellbeing. We also appreciate how important it is that residents retain close relationships with their family and friends. Our comprehensive care provision is designed to deliver skilled, professional and individually planned nursing care in an unobtrusive manner.

At Bridge House we are committed to employing highly trained professionals in every field, from the nursing and catering staff, through to the management team.

On duty 24 hours a day offering freedom and flexibility

Our nurses are on duty 24 hours a day and are dedicated to meeting the health needs of our residents. We have access to specialists who practice in physiotherapy, speech therapy, audiology, chiropody, dentistry and optometry. All medical practitioners visit the Home, including general practitioners and visiting consultants.

At the heart of our community is an elegant restaurant, serving the finest cuisine, created using only high quality ingredients, locally sourced wherever possible. To complement the restaurant, there is a dining terrace and access to private dining facilities too.

At Bridge House, life can be experienced at leisure. Residents often choose to enjoy the bridge club, take pleasure in a talk on local artists, or relax with the papers in comfort. They always receive visitors when it suits them.
